## TELEGRAPHERS' STRIKE HITS POSTAL HARD; W. U. HAMPERED

Reports Indicate Every Large City in Country Affected by Walk-out of Wire Men but Western Union Claim Traffic Nearly Normal.

By Telegram to The Freeman.  
Chicago, June 11.—Although directed against both the Western Union and Postal Telegraph companies, the nation-wide strike of commercial telegraphers which began at 7 o'clock this morning, thus far has dealt its most paralyzing blow against the Postal Company, according to reports reaching Chicago, the headquarters of the strike today.

Every report received here has indicated that a majority of the Postal operators have struck while the number of Western Union employees who walked out has not yet been shown to be sufficiently large to tie up the wires of that company. Although not entirely paralyzed, the Postal system is badly handicapped by the strike while the Western Union is able thus far to maintain at least a semblance of its regular service.

Western Union officials have advanced the claim that they are working "one hundred percent strong," but this statement is not borne out by reports from cities where the strike is in progress.

From all reports available, it is believed that not one large city in the United States is unaffected by the strike.

## D'ALMO CASE BEFORE JURORS

County court took a recess shortly after 4 o'clock Tuesday afternoon until 10 o'clock Wednesday morning, defense in the case of The People against Edward Forest D'Almo, indicted for burglary in the third degree, having rested. Mrs. Fannie Countryman, mother of D'Almo, was the principal witness for the defense, alleging the basket containing the goods stolen from the Moffett house had been placed on the stoop of her house. She also alleged that at the time D'Almo made the statement, introduced at the trial, of his connection with the burglary before Cleon Murray, Constable Brown, Frank Cox, George J. Hornbeck, that Brown said, "I'll fix you; I'll get you before the week is out."

This morning, owing to the lateness of witnesses in arriving from Ellenville, court did not begin until 10:30 o'clock. District Attorney Traver then called in succession Constable Brown, Frank D. Cox, George J. Hornbeck and Cleon Murray in rebuttal and asked whether the remarks attributed to Brown were true. They each denied that Brown said those words.

At 10:45 John J. Cashin began summing up, after making the usual motions, which were denied by the court, to dismiss the complaint. Mr. Cashin in his address to the jurors, contended that the defendant did not burglarize the Moffett house, that Cameron was the one, and that the placing of the basket of stolen articles was a plant. That the oil stove found in the home of Mrs. Moffett had been bought of Cameron, who was a pal of D'Almo. Mr. Cashin's summing up was a clever reasoning of the evidence favorable to his client. District Attorney Traver followed, in his usual able manner, going over the testimony carefully.

The case was given the jury by Judge Fowler, who finished his charge at 12:20, this noon, when the jurors went to dinner, retiring to deliberate afterward.

## ELKS HONOR ROLL NUMBERS 51

The anniversary of the birth of the Stars and Stripes will be observed with an appropriate service by Kingston Lodge, Benevolent and Protective Order of Elks, at their lodge rooms, Sunday afternoon, June 15, at 3 o'clock. An excellent musical program has been arranged together with the beautiful Flag Day Ritual which the officers of the lodge will exemplify. Hon. Rector will deliver the address, "The Elks' Tribute to the Flag."

Members of the Elks, their relatives and friends have been invited to attend the services. The Elks have 51 names on their honor roll of those who served in the recent war.

They are: Major F. L. Meagher, Major George F. Chandler, Major Frank A. Johnston, Captain Fred Snyder, Captain R. F. Medling, Captain Thomas Horton, Lieut. C. W. Van Cortlandt, Lieut. C. W. Notter, Lieut. E. LeRoy Carlin, Lieut. Joseph G. Brown, Lieut. L. K. Stille, Lieut. C. L. Mulford, Lieut. J. J. Larkin, L. E. Reed, Lieut. Robert M. Iseman, Jacob Molloy, Harry G. Matzenhauer, James G. Norton, J. H. McWhorter, Willie Ross, John M. Fitzgerald, Joseph C. Schomacher, Edward C. Weber, J. Philip Schneider, Sydney Weinstein, Julius C. Nolan, Harry E. Stahl, Albert Vogel, Clarence T. Brown, Theodore Brown, Albert J. Dwyer, William F. Edmonds, Henry Ford, William J. McNamara, Harold C. Judd, William Iseman, William A. Van Gaasbeck, James A. Coffey, A. F. Frow, M. L. Goldrick, Henry Johnson, F. P. Hildebrandt, Benjamin Furman, Raymond Van Hoesen, C. L. Scholze, T. C. Wood, James A. Sedgwick, James E. Leachman, Bernard Frost, John J. McCabe.

Temp 4 Scouts.

Scouts of Troop 4 will have their meeting in the chapel as usual with Floyd Bush as the new Scout master.

## A GOOD DINNER THURSDAY NIGHT

To Dan Reed's Address and Singing Led by Thornberry at Community Dinner Will Be Added Catering by Ketterer.

Inasmuch as the quality of the "eats" and the service accompanying them are very real factors in the success of a banquet, the announcement that Casper Ketterer will attend to that part of the Community Dinner at the armory Thursday evening insures a proper frame of mind on the part of the diners to enjoy Dan Reed's address. Mr. Reed has telegraphed that he will reach here on this special trip from Washington at 4:30 Thursday evening and the dinner will start promptly at 6:30.

Francis Thornberry, Y. M. C. A. secretary, has consented to lead the singing which is an assurance that it will be no small feature of the evening's entertainment.

William Elinke is chairman of the committee charged with arranging the dinner.

Men and women, whether Chamber of Commerce members or not, are invited. The price will be seventy-five cents per plate and it is desirable that reservation should be made as early as possible by card or telephone to the Chamber of Commerce headquarters (No. 504). Interest in the dinner is not confined to Kingston as several reservations have come in from the county, including four from Highland. The number from the city is gratifying.

Congressman Dan Reed, who will deliver the address of the evening, is perhaps better known as a Chamber of Commerce expert than as a lawmaker, and as a speaker on topics related to that subject is said to be second to no one in the country. His success, which included remarkable achievements for the Chamber at Flint, Mich. is said to be due to two things, his expert knowledge and keen insight into commercial problems, and his personality, which latter quality counts so much on an occasion like the dinner Thursday.

## REPLY GOES TO GERMANS FRIDAY

Amended Treaty May Be Taken To Weimar With One Week Given For Consideration—Wilson Re- bukes Lloyd-George and Clemenceau.

By Telegram to The Freeman.  
Paris, June 11.—The complete rejection of the allies to the German counter proposals will be handed to Count von Brockdorff-Rantzau, head of the German peace delegation, on Friday.

The big four this morning practically completed the economic conditions and made material progress toward completing the clauses relating to the League of Nations and the left bank of the Rhine. It is planned to allow the German delegation to proceed to Weimar and present the amended treaty for consideration by the German National assembly. Germany will then be required to signify within a week whether she accepts or rejects the treaty.

Clemenceau and Lloyd George are generally accepting President Wilson's suggestions in dealing with the German counter claims. The president has sharply rebuked the adamant attitude of both delegations.

"There is no time to lose," he declared. "It is useless to continue. Rejection will triumph over delay and order."

His declaration was followed by immediate communications making possible an early agreement.

New Notary.

John Bartuch of 25 Warren street has been appointed a notary public in and for the county of Ulster by Governor Smith.

## CO. L PLATOON WON SILVER CUP

Unit of 310th Infantry, Which Includes Kingston Men, Was Best Among Picked Contestants for Championship of Musketry at Le Mans.

One platoon of Company L, 310th Infantry, did not return with the 78th Division. Company L is the unit in which a number of Ulster county men served. The reason this platoon remained behind is now apparent; also that it is bringing back with it something worth waiting for. The Sun report says:

Second Platoon, Company L, 310th Infantry, brought proudly into port yesterday aboard the transport Santa Olivia, a big silver cup won in a sham battle tournament at Le Mans, on May 14. The competition duplicated actual warfare. The commander of the victorious platoon, Lieut. William Hitchcock of Boston, was promoted to his present rank from second lieutenant by General Pershing for his work in training his men.

Each man of the platoon will receive a medal commemorating its victory after he reaches his home. One platoon from each division, selected after divisional competition, formed the contestants in what is called the championship of musketry. A platoon of the Fifth Division finished second and a platoon of a marine regiment of the Second Division was third. The men of the successful platoon are from seventeen different states.

## DIDN'T WANT TO QUIT WORK

Jack Epstein Arrested by Harry Isaacson on Charge of Disorderly Conduct—Claim He Was Trying to Make Trouble at Prince Street Plant.

Jack Epstein was arrested this morning by Harry Isaacson and turned over to Officer Saelhoff, and later in the morning he was arraigned before Judge Schirick in police court. He entered a plea of not guilty, and the hearing was adjourned until Thursday morning.

The charge, preferred against Epstein, was that of disorderly conduct.

About a month ago Mr. Shapiro came to Kingston from New York and opened a factory on the second floor of the Lawton building on Prince street, formerly occupied by the pants factory, now located downtown. He manufactured ladies' cloaks and employs about fifteen hands.

From what could be learned this morning, it is claimed that Epstein was one of several who appeared outside the factory and talked to the employees in an effort to have them stop work. Isaacson, who is employed at the plant, claimed that this morning Epstein stopped him and made threats, and that he did not answer, but went on upstairs to go to work and as he looked out the window Epstein glanced up and said he would break his bones if he came down.

Ex-Mayor Brinnier appeared in court this morning for Isaacson, while Robert Howard, in behalf of Chris Flanagan, appeared for Epstein.

## "Y" AUXILIARY PICNIC FRIDAY

The members of the Woman's Auxiliary of the Y. M. C. A. are due to have a grand good time at their last meeting of the season, which is to be held on Friday afternoon of this week at Forsyth Park. The plan is this. The meeting is to be in the form of a picnic, the members of the Auxiliary, and if they so desire or find it necessary in order to go themselves, their children are to meet at Forsyth Park at any convenient time during the afternoon. At five o'clock there is to be a business session—the last before fall—after which the basket lunches, which the women are expected to take will be served, and for this particularly delightful feature of the afternoon, the men are invited to be present. In other words, beginning as an Auxiliary meeting, the affair will end up as a grand family picnic. Should it rain, the picnic will be held just the same, but at the "Y," and then the members are asked to be there—bringing their basket lunches with them—at four o'clock. The program will then be carried out at the Y. M. C. A. instead of the park.

Terwilliger Judgment Filed.

Abraham Feinstein has filed with the Ulster county clerk a judgment in favor of plaintiff, his client, Frank W. Terwilliger against Browning, King & Co. in \$129,000, 25, with allowance and costs added, total in \$133,223. This is in the case tried before Justice Howard and case tried before Justice Howard and a jury at the May term of the first grade court in this city, the first finding in favor of Mr. Terwilliger.

Lawyers Meet Tonight.

The Lawyers' Association will meet this evening at Newberry's Hall, Broadway and Van Buren street, when matters of importance to every member will come up for discussion.

## VARIED COMMERCE CHAMBER WORK

Support of All Movements For Civic Betterment Not Forgotten in Competition to Make Large Place on Industrial Map For Kingston.

The service for Kingston, which the Chamber of Commerce is rendering, and to increase and strengthen which it is preparing for the increased membership drive of June 17-20, includes distinctly civic activities equally with those with respect to industrial and trade development.

The modern Chamber of Commerce is a many sided organization having community service as its ideal and purpose and giving this service to and for everything which makes a city a better city, and promotes the happiness and well-being of all of its people.

No lesson was more forcibly taught by the war than that business and industrial efficiency and civic and community welfare are inseparably joined. The town which is most wakeful in behalf of all the elements of health, recreation, education and morale is the town which finds an abundance of material prosperity. Nor can the conditions essential to health, happiness and civic spirit be found apart from sound development of trade and industry.

The Chamber of Commerce has worked diligently to bring about permanent improvements for the benefit of the city. It has been occupied with the securing of the construction of the Rondout creek bridge, and will keep up a constant interest in this matter until the first automobile or team crosses the completed structure.

It has joined forces with Mayor Canfield and the city administration in promoting a satisfactory solution of our Broadway crossing matter.

Such a solution has been found which has been developed and improved step by step until the plan as it now stands provides for the elimination of this crossing in a way that will take care of all the vehicular, foot and trolley traffic that Broadway can accommodate at any future time.

The public service commission is disposed to push this elimination forward without delay and there is every reason to expect that with the special session of congress, the United States Railroad Administration will soon be in a position where it will have funds, which will make it possible for it to agree to the immediate undertaking of this work.

The Chamber of Commerce will keep up the struggle to secure Kingston's barge canal terminal. It is convinced that the terminal at Kingston, Poughkeepsie, Newburgh and Yonkers are integral parts of the barge canal system of this state and that the force of the sentiment throughout the Hudson river valley in favor of their construction cannot be disregarded.

This matter directly concerns the entire Hudson valley and the Chambers of Commerce throughout the valley are acting jointly through the Hudson Valley Federated Chambers of Commerce.

The appreciation of Kingston people of the work done by the Chamber of Commerce through its community service committee, of which C. R. Stull is chairman, has been most gratifying. Kingston obviously enjoys the opportunity to sing. The community chorus has quickly become one of the most popular institutions in the city.

The Chamber has been active in regard to health, education, fire prevention, school and adult gardens, housing and other matters of importance toward making Kingston attractive and increasing the welfare and happiness of Kingston people. It has helped in the welcoming and by service to returning soldiers. Its civic work is constantly growing in scope and effectiveness, and with the added strength and resources which will follow next week's campaign, its constructive leadership in civic progress will go still further toward making it possible for Kingston to parallel a proud record of accomplishment in war with an equally fine record of civic spirit and progress in peace.

## HUDSON TALKS ON SERVICE

At the Rotary Club luncheon today the speaker was Secretary Hudson of the Chamber of Commerce, who outlined the work of that body and its plans for the future in a clear and logical manner. The Chamber and the Rotary Club, he said, were alike in purpose, to render service to the community and each was an aid to the other. Secretary Hudson was introduced by Secretary Herbert of the Chamber of Commerce in a brief but forceful address. Committees for the year were announced by President Stull and there was the usual good singing and jolly time.

Dance at Casino Tonight.

A dance will be held in the Casino at Kingston Point Park this evening. The Casino is going to be popular this season is evidenced by the fact that fifteen private dances will be held there this month and with the public dances held there, the Casino will be busy nearly every night this month except Sunday. "Curt" Shorter's fall orchestra will furnish the music on each occasion.

## SCOUT ASSOCIATES "JOINING UP"

New Scout Executive Reports Progress in Campaign—How Work of Organizing County Troops Is Going.

Plans are now formulated to organize troops of Boys Scouts in every town and community in Ulster county. The county is a large one, nevertheless it will be covered by Scout Executive H. O. Merrill who is now at the Boy Scout Headquarters, 460 Broadway, Kingston.

All ministers, physicians, lawyers and business men interested in having troops in their communities are asked to get in direct communication with Mr. Merrill by telephone or letter so that he may visit them and explain the work. Every scout master should send in a letter to the Ulster County Boy Scout Headquarters at Kingston, stating how many scouts are enrolled in their respective troops and when and where the meetings are held. This data is most important and urgently requested, in order that the very best work in scouting may be accomplished.

For any information desired regarding the organization of scout troops, telephone, write or call and see Mr. Merrill in Kingston. Associate membership in the Boy Scout movement are coming in rapidly. We want to see every Ulster county boy of Scout age, enrolled in the movement.

There are now active troops in Kingston, Sagerties, Accord, Ellenville, Rosendale, Walkkill and Stone Ridge. More troops are to be formed in these towns. There are many towns without troops and Mr. Merrill wishes to get all of them on the "Scout Map" as soon as possible.

## POLICE DOCKET CALLED BLUFF

John Collins's Mistake in Enumerating Times He Had Been Arrested Cost Him \$5—Other Cases in Police Court.

Sometimes a bluff pays, but that is not the case when a prisoner at the bar attempts to "get away" with the wrong number of times he has been arrested for the "little black book" known as the police docket, soon reveals the bluff. John Collins, who has been arrested enough times to know better, tried to bluff Judge Schirick this morning when arraigned in police court on a charge of public intoxication. He had been picked up downtown during the night by the Policeman Simpson. John informed the court this was the second time he had been arrested, but the black book revealed the fact that John had been a visitor in court off and on for a number of years. John's error of judgment cost him a \$5 fine. Unable to pay he will be the county's guest for the next five days.

Andrew Watson, a one-armed negro, was making a nuisance of himself around the West Shore station Tuesday night, and was placed under arrest by Officer Shader. He also nearly made an error of judgment in stating the number of times he had been arrested in Kingston until he caught a glimpse of the court referring to the black book, and he then promptly "came across" with the required information. He also was fined \$5 or five days in jail.

Ralph R. Whitehead of Woodstock was arrested Tuesday afternoon by Motorcycle Officer Walker on a charge of speeding 26 miles an hour on Broadway. He deposited cash bail for his appearance in court next Monday morning.

## CONNELLY GOES TO NEWBURGH

The Rev. Stephen Connelly of St. Mary's Church, Assigned to St. Patrick's Church—Father Gets Assigned to Ellenville.

Announcement was made Tuesday, says the Newburgh News, that the Rev. Joseph Geis, assistant rector of St. Patrick's Church, Newburgh, had been appointed rector of the Catholic Church in Ellenville. Father Geis leaves Newburgh June 15 to assume his new duties. He has been in Newburgh for several years and his promotion to the complete charge of a parish will be heard with much pleasure by many Newburgh friends.

Father Geis will be succeeded at St. Patrick's Church by the Rev. Stephen Connelly, assistant rector of St. Mary's Church, this city. Father Connelly is a native of Port Jervis, and has a wide circle of friends in Kingston. He has been assistant to Dean John J. Hickey for several years.

Court Santa Maria Meeting.

Court Santa Maria, Daughters of Isabella, will hold their regular meeting on Thursday evening, at their rooms at the K. of C. Home. Directly after the session a rehearsal of the choir will be held and Mrs. W. J. Leary, the director of the choir, urges all members to be present.

## ROOT GOT COPY OF TREATY FROM DAVISON OF MORGAN CO.

Former Secretary of State Before Senate Committee Defends His Right to Have It and That of Davison Because of Latter's Connection with Red Cross.

By Telegram to The Freeman.  
Washington, June 11.—It was Henry P. Davison, of the banking house of J. P. Morgan and Company, who gave him a copy of the peace treaty. Ellihu Root, former senator and secretary of state, told the senate foreign relations committee today.

Root was the first witness called when the committee resumed its probe of treaty "leaks" today.

Washington, June 11.—J. P. Morgan and Henry P. Davison, of the Morgan banking house, appeared before the senate foreign relations committee when it resumed its probe of Senator Borah's charges that copies of the peace treaty had fallen into the possession of certain American financial interests before the senate had access to the voluminous document.

Ellihu Root, former senator and secretary of state, entered the committee room almost immediately after Morgan and Davison arrived.

Frank A. Vanderlip, former president of the National City Bank of New York City, showed up just before Senator Lodge, as chairman of the committee, opened the hearing.

Lodge began by reading a telegram from Jacob H. Schiff, of Kuhn Loeb and Company, in which he "begged to be excused" from appearing before the committee.

Ellihu Root, the first witness called, admitted having a copy of the treaty.

"The publication of the purpose of the committee to inquire into the possession of copies of the draft treaty with Germany led me to feel that it was proper for me to come here and give the committee certain knowledge which I have," Root said.

"I have a copy of that treaty and have had it for several weeks. It was sent to me by Mr. Henry P. Davison of the Red Cross," he continued.

"I stand upon my right to have it. I deny that any one can question that right. I assert the entire propriety of my having it and his giving it to me."

"He had it because of its connection with the Red Cross. He had it in Paris and brought it away with him, there being no injunction against bringing it to the United States. I understand that there has been no secret document in any sense of the word. It had been published in substance in our country. The league of nations part had been published in full and the labor part also," Root continued.

At one point Senator Knox interrupted:

"Mr. Root I gather you want to be understood that you are now in possession of stolen goods, probably secured by bribery as has been suggested on the floor of the senate?"

"I repeat any such suggestion and I wish to indicate that the possession of such knowledge is legitimate. I say that Mr. Davison, with an unselfish devotion that is beyond all praise, while still in Europe, it became his duty to keep in touch with the new relations which were being made by this treaty so that he was entitled to have that treaty as a matter of no idle curiosity or ulterior purpose. I was very much obliged to him because I am deeply interested in some questions. There is nothing in substance in the treaty which has not been in the newspapers."

"Did you find anything in the treaty which was not substantially as in the summary?" asked Senator Williams.

"I did not compare the labor articles, but I found nothing. The only thing I compared with the summary was the little part which related to the terms with Germany."

## ROSE'S WIFE ASKS SEPARATION

"Big Bill" Rose, in trouble again, and for practically the same offense which caused his arrest recently, and was the occasion of Officer William Hess placing him under arrest again Tuesday afternoon. Bill paid a visit to the home of his father-in-law on Cedar street, and made such a nuisance of himself that the police were notified, when Bill was brought to police headquarters he was paroled until this morning.

When Bill Rose's case was called in police court there was no response, although his wife was present to press the charge of disorderly conduct. In other words Bill broke his parole and at the time this was written was still missing. The police have the drags net out, however, and undoubtedly will shortly land Bill by the heels.

Incidentally it might be added that at the time Bill was brought to the city hall he was also served with papers in a separation suit brought against him by his wife through her attorney, Robert G. Groves.

Bill Rose became famous over night about ten years ago by beating up a gang of downtown toughs on a local excursion.

## LAMONT GAVE DAVISON TREATY

By Telegram to The Freeman.  
Washington, June 11.—An "international banker" interested in the co-ordination of American financial and industrial interests for the rehabilitation of war-damaged Europe, Henry P. Davison, of J. P. Morgan & Company, secured a copy of the peace treaty at Paris on May 9 last from Thomas Lamont, another member of the banking house. Davison told the senate committee probing the alleged treaty "leak" this morning.

Cogan Wants a Game.

Clark Cogan of Paterson, N. J., a member of the old Paterson team in the Hudson River League days, has written his old friend, Art Rice, stating that he had a fast team and would like to play a local team on July 4 and 5. This is a chance for a good Fourth of July game here for some local team.

## REV. MR. ALLAN KILLED HIMSELF

Retired Milton Minister Committed Suicide Tuesday—Body Found Near His Home Early This Morning—Used a Revolver.

The Rev. George Allan, aged about 53 years, shot himself through the abdomen with fatal results, some time Tuesday afternoon, and his body was found under an oak tree on the outskirts of a wood about three-quarters of a mile from his home in Milton at 5 o'clock this morning. Coroner George Suiter was called and issued a death certificate.

The dead man had been a resident of Milton nearly twenty-five years, coming there as pastor of the Presbyterian Church and had made many, many friends as he was always deeply interested in the welfare of the community, giving his support to churches and other enterprises for good. He is survived by his wife, Mrs. Eleanor Gedney Allan, and daughter, Miss Eleanor B. Allan. He had been retired for some time, but had occupied pulpits in the absence of the regular ministers in churches in that vicinity. He had not been in the best of health for some time, and Coroner Suiter stated today that he believed Mr. Allan was mentally unbalanced when he shot himself.

Tuesday afternoon about 3 o'clock he left his home, which is located half a mile above the village, and that was the last seen of him alive. When he did not return home his relatives became frightened and instituted a search which they continued up until 10 o'clock that evening without success.

This morning early as soon as it was light enough to see the search was resumed by neighbors and friends. Under a big oak tree at the outskirts of a woods the body was found fully dressed with a bullet hole through the abdomen. The weapon used was a 32 calibre revolver.

When found it was evident that Mr. Allan had been dead for some time.

## SMITH CONFERS WITH MC GRATH

Irwin Also Present But No Deputy  
Superintendent of Buildings Was  
Agreed Upon.

Appointment of a deputy superintendent of buildings in place of Patrick H. McDonald of Albany, who is slated for removal in the general reorganization of the buildings department, was the subject of a lengthy conference Tuesday at the executive chamber participated in by Governor Smith, Roscoe Irwin, deputy collector of internal revenue for the Albany district and Democratic leader of Ulster county, and John J. McGrath of Phoenixia, Ulster county, the newly elected superintendent of public buildings. The conference reached no agreement and Mr. McGrath left Tuesday night for his home, having failed to swear in as he was expected to do.

It was understood that Governor Smith requested Superintendent McGrath to appoint as his deputy, William F. Kearney, secretary of the Albany county Democratic committee and Lieutenant of Patrick E. McCabe, Democratic leader of Albany county. Mr. McGrath is understood to have refused to comply with the request and to have been backed by Mr. Irwin although they were willing to appoint any candidate from outside of Albany and Rensselaer counties. The governor is also said to have suggested that Mr. McDonald be retained as deputy. This also was declined by the Ulster county men.

Governor Smith declined to admit Tuesday night that he had conferred on the appointment of a deputy, declaring such an appointment out of his jurisdiction.

### Strawberry Shortcake.

Ladies' Aid Circle No. 1 of the Rondout Presbyterian Church, of which Miss Maggie Deudney and Miss Mary McCullough are chairmen, will give a strawberry shortcake supper in the chapel on Wednesday, June 18, to which the public is cordially invited. The shortage in the crop of home grown berries will make the season for enjoying them very brief and in no way are they as delicious as when served in old fashioned short-cake, topped with whipped cream, as the ladies serve them.

### Port Jervis Hill Climb.

Interest in the motorcycle hill climb on June 15 is speedily increasing in Port Jervis, and the Tri-States Athletic and Motorcycle Club expect a number of entries for the hill climb and track sports to be run at Rantown hill. A long list of prizes have been offered and it is expected that motorcycle riders from a considerable distance will turn their faces Port Jervisward that day, and take part.

# This is the Firestone YEAR

## Two Big New Savings for Car Owners and Truck Owners

Never before have Firestone Tires been so decidedly better than others as they now are. So, for months back dealers, car owners and truck operators have been saying: "It's the Firestone Year."

And on top of this quality advantage offered in the improved Gray Sidewall Fabric and Cord Tires, on top of the enlarged size and extra heavy tread, come these two other Firestone savings—

Much lower prices—and adjustments made on a bigger mileage basis.

### NOTE THIS NEW SCHEDULE

Fabric Tires	6,000 Miles
Cord Tires	8,000 Miles
Solid Tires	10,000 Miles

You can thank the rubber market for a part of the price saving. You can thank Firestone men—90% of whom are stockholders in the company—for a tire of such quality. 6,000 miles, 8,000 miles, 10,000 miles—these are only beginning points from which you can figure the extra miles that have made this the "Firestone Year" and given greater meaning than ever to the Firestone pledge of—

# Most Miles per Dollar

## Your National Parks With All Their Wonders

MAKE this a summer of vacation travel. Glorious out-of-door playgrounds beckon you. Heed the call. Get away and know the scenic beauties of your own land. **Summer excursion fares.**

Every American should visit the National Parks. They are the nation's playgrounds. Not only do you see peaks and canyons, glaciers and geysers, big trees and volcanoes, prehistoric ruins and Indians—you here see the old wilderness places of this country—the Far West and the Old West—practically unchanged.

In this vast region you can "rough it"—can camp out, climb high peaks, go fishing and ride horseback. Around the corner, so to speak, are miles of auto boulevards, modern resort hotels, and comfortable camps.

Ask the local ticket agent to help plan your trip, or apply to the nearest Consolidated Ticket Office, or address nearest Travel Bureau, United States Railroad Administration, 645 Transportation Bldg., Chicago, 143 Liberty Street, New York City; 562 Healey Bldg., Atlanta, Ga.

## SATURDAY IS DAY OF THE FLAG

And Those Not Used Since the Boys Came Home, Should be Brought Out—Elks to Observe Day With Three Speakers Present—Elite of Flag.

Saturday, June 14, will be Flag Day, and then it is hoped more flags will be displayed in this city than there has been during the past six months. Ever since the armistice was declared on November 11, last year, the display of flags has been growing smaller, and today they are very few and far between in Kingston. The following flag etiquette prepared by the national committee of Patriotic Societies, Washington, D. C., is worthy of saving and remembering by every patriotic citizen:

A flag pole adds to the attractiveness of suburban grounds, and if a flag pole is impossible have some place where a flag can be displayed. Surely every farm may have a flag pole for the cutting of the tree and working it into proper shape. Display the flag on every national holiday, such as Fourth of July, Memorial Day, Thanksgiving, Washington's Birthday, Lincoln's Birthday, and so on, also for local holidays and celebrations.

It is important to know just how a loyal American citizen is expected to act towards the flag and the rules regarding behavior and courtesy due the flag. Here is the flag etiquette as authorized by the United States:

When the colors are passing, the spectator, if a man, should halt when walking, arise if sitting and uncover, holding the head of the cap with his left shoulder with the right hand; if bare headed he should salute with the right hand. A woman should stand at attention as the flag passes by. When the flag is waving from a stationary flagstaff or pole it is not saluted with the hand.

In decorating, the flag should never be festooned or draped, but always hung flat. If hung with stripes horizontal, Union should be in the upper left hand corner. If hung perpendicularly, Union should be in upper right hand corner.

When the flag is carried in parade or when crossed with other flags the Stars and Stripes should always be on the right.

The law specifically forbids the use of any representation of the flag in any manner or in connection with merchandise for sale.

The flag should be raised at sunrise and lowered at sunset. It should not be displayed on stormy days, or except under fire of the enemy, left out over night. Although there is no authoritative ruling which compels civilians to lower their flag at sundown, good taste should impel them to follow the traditions of the army and navy in this sundown ceremony. Primarily, the flag is raised to be seen, and secondarily, the flag is something to be guarded, treasured and so tradition holds it shall not be menaced by the darkness. To leave the flag out at night unattended is proof of shiftlessness, or at least carelessness.

On Memorial Day the flag should be displayed at half mast from sunrise until noon, and at the peak from noon until sunset. It should, on being retired, never be allowed to touch the ground.

When the "Star Spangled Banner" is played or sung, uncover, stand and remain standing in silence, IN SILENCE, until it is finished.

Applause at the conclusion of the "Star Spangled Banner" is out of place.

Worn out useless flags should be destroyed by burning.

A flag torn or frayed by the wind and weather should never again be hoisted until it has been repaired. This is a regulation of both the army and the navy and should also be followed by all civilians.

The members of Kingston Lodge, No. 559, will celebrate Flag Day on Sunday at the Elks Club in the afternoon. A musical program, instrumental and vocal has been arranged for the occasion, and Internal Revenue Collector Roscoe Irwin will deliver an address on Flag Day. Senator Charles W. Walton, is to deliver an address on the History of the American Flag, and William H. Ten Broeck will deliver a tribute to the flag.

**WOMEN'S EXCHANGE**  
Suffers Heavy Loss in Death of Mrs. Cuykendall.

Mrs. Mary A. Cuykendall has been for years an associate member of the Women's Exchange. The little shop in which many women of the city find a livelihood.

Since the inception of this little philanthropy, Mrs. Cuykendall has been an active supporter of its work and a sympathizer with its aims.

Her interest has been practical. She was a customer of its store and a patron of its consignors. Her approbation of the work manifested itself in a ready response to any appeal made to the associate members when business difficulties made such an appeal necessary. Without such women as she, no Women's Exchange can exist.

In helping it, she helped many women who depend on it and they know that they have lost in Mrs. Cuykendall a generous friend.

MARTHA S. CHAMBERLAIN, President.

**PORT EWEN.**

Port Ewen, June 11—Egbert Council, No. 42, Sons and Daughters of Liberty, will meet this evening at 8 o'clock in their rooms in Spinnecor's Hall on Broadway.

Mrs. Chester Wast, who has been the guest of her niece, Mrs. Elvin Hutchings and Miss Ella Elworth, on Broadway, returned to her home in Albany Tuesday.

Children's Day exercises will be held in the Reformed Church Sunday morning.

Keep an mind the strawberry supper to be held in the Methodist School No. 12 will meet Thursday

chapel Friday evening. Price of supper, 49 cents for adults, children under 12 years, 25 cents.

Rev. Leonard Applebaum, pastor of the Reformed Church, who has spent his vacation at Grand Rapids and Kalamazoo, Mich., is expected home Friday and will preach Sunday.

On and Mrs. G. W. Ross spent Tuesday in Albany.

Mr. and Mrs. Albert Clark and daughter, Alberta, of New York City are guests of Mrs. Clark's mother, Mrs. Eliza Elworth, on Broadway.

Mrs. Elizabeth Tregaskis is ill at her home on Broadway.

The alumni of Port Ewen Public School will meet Thursday

**Biggest Homesick Army in History Convinces Y. M. C. A. Worker That Women No Less Than Men Have Scored War Victory—With No Armistice.**

The doughboys had to go three thousand miles away from home to win, but the girls didn't. Without moving a step they have scored the biggest American victory of all. It is the overwhelming vote of the A. E. F. according to Miss Mildred Ballou a New York girl working in the Y. M. C. A.'s big leave area at Meuse, France, that American girls—married about to be, or "free"—were all others. In brief, pointed disapproval: "There's the

overseas doughboys. "Our big dances are a scream. It is done by card system, each man holding one card, with 'one', 'two', 'three' on it. The 'Y' director and one of the two, the married man blows a whistle and you start off in the dance. The 'doughboys' who are away in the world's history in his talk about the girls it left to be truthful, madly rushes to bid for the girl. The girl has come to the only decision possible—there are some military wonderful women and girls at home I can say."

"The 'Y' girl," writes Miss Ballou, "is a receiver for all grumbles, complaints and blame. We listen and listen. And the boys also have come to believe that they are in some resemblance to everyone they ever knew back home. I have looked like wife, sister, sweetheart and mother. All that is left to wonder how, or grandmother."

"The doughboys every night. The of home dance on Sunday night, and an hour or so in the afternoon. I spend most of my time with the girls. They need and want us. In short, they don't fight and make love to us."

## SILVER IS KING IN ARIZONA

And New Mines Are Being Opened After Peace Brought Jump in Copper.

Silver is the king in Arizona, says D. Keith, president of the Association of American Mining Men, as he points to the Philadelphia Ledger's "Copper Country" page. With the copper market at a low, as a result of the war, the demand for silver has been high. The price of silver has been high, and the demand for silver has been high. The price of silver has been high, and the demand for silver has been high.

With the armistice conditions changed overnight, the million pounds of copper, more than a third of which was Arizona production, are estimated to be available. So copper is down and silver is up.

Some of the mines indicate that in the Prescott and Tucson mines silver production may be other metals in silver, copper, zinc and lead. The value of the silver is high, and the demand for silver is high.

From the neighborhood of Prescott some reports of the price of silver are given. The price of silver is high, and the demand for silver is high.

## BOY SCOUTS

THE SCOUT BROTHERHOOD

Gen. Sir Robert Baden-Powell, head of the boy scouts in Great Britain, is endeavoring to show the brotherhood of the scout movement by sending a fund to scouts made homeless by the war.

It is for such scouts as those of the Serbian nation, driven from their homes and decimated in numbers by the brutality of their invaders, and the French scouts in the northeastern provinces, also those Belgian boys who have continued as scouts in the coun-

try of their adoption or with their own army since being rendered homeless by the Hun.

This common action for a common cause will form a new tie throughout the scout brotherhood, one of whose laws is, "A scout is a brother to every other scout."

The Belgian scouts in the released territory secretly maintained their organization under the German rule, and have given their services as messengers, guides, and interpreters to the staff of the British army of occupation with the friendliest feelings for their deliverers and their brother scouts in Great Britain.

#### NEW ZEALAND SCOUTS ACTIVE.

The following letter from the officer commanding the New Zealand military forces Maj Gen. A. W. Robin, is a striking testimony to the work of the scouts there during the war, and will be received with great pleasure by scouts in all parts of the world.

"On behalf of the New Zealand military, I desire that you be kind enough to extend to the boy scouts the grateful thanks and appreciation of myself and staff for the patriotic way in which they have worked assisting the military authorities during the past year."

"Many duties have been performed by these lads, and their services have been given with cheerfulness and zeal. Their actions have been an example to all, and the spirit of self-sacrifice which is fostered by the scout teaching is without doubt the greatest factor in the winning of the war."

#### NATIONAL OFFICE'S SCOUTS.

At the national headquarters of the Boy Scouts of America in the Fifth Avenue building, New York city, quite a few boy scouts are employed in responsible capacities. These have been organized as Troop 400 of Manhattan, and as an example to all the other employed boys in the city they are carrying out the scout program faithfully.

Before office hours they line up and go through the regular training exercises. This starts them off for the day's work and gives them a pep and enthusiasm quite different from the usual distinctive "office boy crawl."

These are the boys who meet customers in the scout store and the scout visitors in the general office, and they are also employed in the supply department and as orderlies in the other departments.

#### SCOUT FOR NAVAL ACADEMY.

Congressman Scott Ferris of Lawton, Okla., recently announced that he would appoint to the United States Naval Academy, Annapolis, Md., a scout whom the troops of Lawton nominated.

#### COY SCOUT DOINGS.

A group of scouts in Marquette, Mich., helped an aged woman get acquainted with a fire in her house, set on fire by a thief and hunted up her lost cat.

Education of the public in the subject of kindness to dumb animals has been begun by scouts of Marion, Ind. Speeches by scouts have attracted much attention. As a result of a scout campaign to remove stoves from the streets the city council is to get through an ordinance.

#### Calendar of the Calendar.

It will be found that January always begins on the same day of the week as October, and the same is true of April and July, September and December. Again February, March and November also begin on the same day of the week. This, however, is only true in years of 365 days.

## DADDY'S EVENING FAIRY TALE

By Mary Graham Bonner

"Hello, queeness," said the zebra to his neighbor in the next yard. But no one answered the zebra. So he said again: "Hello, queeness."

Still no one answered, and the zebra cried and said to himself: "I'll know perfectly well I am talking to him, but he won't answer. It's his way of saying 'hello'."

So after a moment the zebra said: "Hello, queeness."

"Hello, queeness," said the zebra to his neighbor in the next yard. But no one answered the zebra. So he said again: "Hello, queeness."

Still no one answered, and the zebra cried and said to himself: "I'll know perfectly well I am talking to him, but he won't answer. It's his way of saying 'hello'."

So after a moment the zebra said: "Hello, queeness."

"I don't know why," said the kangaroo, "but it is true. My name is not with a K and the can you speak of it with a C. So there is a real deal of difference."

"Merely the difference of a letter," said the zebra, who didn't want to admit he had made a mistake.

"The difference of a letter is a big difference sometimes," said the kangaroo. "For instance, if you said pig and said it with an F instead of a P, it would be a fox. And fox and pig are very different, very."

"Oh, yes, an animal, the other is a fruit. Couldn't be more different if they tried."

"Oh, very well," said the zebra. "I suppose you are right about that."

"Yes," said the kangaroo, "and now that I have decided to talk to you, let me tell you that I knew you were trying to speak to me when you said, 'Hello, queeness.'"

"Oh, ahead and tell me," said the kangaroo. "I might give your speech a passing smile."

"Smiles don't pass," said the zebra. "They pass over faces, they do."

"Oh, all right," said the zebra, "but you have two short legs in front and two long ones in the back. They don't match. They are very queer."

"When, say not a word," said the kangaroo. "What in the world is more queer than having a striped body?"

And the zebra said not another word, but went over in his yard, far away from the kangaroo.

"Ah, perhaps you think your tail isn't so extremely funny, but I think it is. I think the way you put it between your legs so that it comes out in front of you when you sit on it is 'very strange.'"

"Your thoughts mean little to me," said the kangaroo, "and your words mean even less."

"Ah, said the zebra, 'the whole has not been told as yet.'"

"What whole?" asked the kangaroo.

"The whole of what I have to say—all of the things which make you deserve the name of 'queeness.'"

"Go ahead and tell me," said the kangaroo. "I might give your speech a passing smile."

"Smiles don't pass," said the zebra. "They pass over faces, they do."

"Oh, all right," said the zebra, "but you have two short legs in front and two long ones in the back. They don't match. They are very queer."

"When, say not a word," said the kangaroo. "What in the world is more queer than having a striped body?"

And the zebra said not another word, but went over in his yard, far away from the kangaroo.

"Zebra, Say Not a Word."

After Mr. Watson, the kangaroo, who was a wedding ceremony to go through without a hitch.

## EVERYBODY RICH IN DOBE VILLAGE

Tierra Amarilla, in New Mexico,  
is Quaint and Curious.  
Town.

## WITHOUT LIGHTS OR WALKS

Very Large Portion of the Population  
Can Qualify on \$50,000 Bond—  
Make Wealth in Sheep  
and Wool.

Pagosa Springs, Colo.—While there is no frontier left in the West, now and then one may come across something interesting in the way of the primitive. In the northernmost and central part of New Mexico, just across the Colorado line, is the small town of Tierra Amarilla. There are about 500 people living there, mostly of Spanish birth, and among them a very, very large portion who can legitimately qualify on a \$50,000 bond.

They have made, and are still making, a great deal of money in sheep and wool, and are quite happy without electric lights, autos or sidewalks.

If you are ever fortunate enough to be invited to visit one of these families, no doubt you will go in a kindly, tolerant spirit and come away pleasantly amazed.

They are the very heart and soul of hospitality and welcome a stranger with a sincere enthusiasm that makes one ashamed of the cold-blooded, haughty politeness of an American.

## They Are Americans.

And that calls to mind the dignified rejoinder of one of these citizens upon being questioned as to where his sympathies were in our trouble with Mexico—with the Americans or the Mexicans.

His terse reply, "I am an American," was sufficient. Considering that scarcely any of the inhabitants are educated, according to the average standard, that was a remarkable reply.

The houses are nearly all built of sun-dried bricks of mud called adobe set down. More than likely, in a sea of mud or dust, according to the season with few windows, and facing haphazard in any direction, without regard to the streets, if there are streets, and back door to the front or side of a neighbor.

No lights on the street make navigation at night a risk and no sidewalks of any kind add to the excitement.

In the houses are piled hit or miss the most expensive of furnishings, as the big catalogue houses of the East know quite well that it pays to advertise where there is money, and no nearby merchants to beguile with window displays. A fine kitchen cabinet may be right beside the phonograph with its dozens and dozens of records, mostly strident and operatic music, and almost invariably the houses are clean as scouring with soap and water can make them.

If you eat with them, you will eat chili, as it is a standby like our bread and potatoes. There is nothing elusive about the chili. Nor has it lost any of the energy of its forefathers. It is a good plan to eat some of it before you patronize a local barber, as it tends to loosen one's hair at least it seems to, which answers the same purpose.

## Uses Overalls as Strop.

The barber, who probably owns 1,000 head of sheep, wears a wool sack full of his own product on his face, and his uniform is overalls that have been so long a part of his wardrobe that they could belong to no one but the barber. They also serve as a strop, after the razor has been dipped in the basin of jellified conglomeration suds.

In the stores, which one and all carry enormous stocks for so small a place, you will be confronted with an odor from the improperly cured hundred of sheepskins piled along with the bright colored silks and shawls and artificial flowers, appealingly displayed for the education of the female residents. Perfume is sold here by the quart, as no proud young lady or boy would think of attending a dance without saturating both clothing and hair with it.

Altogether Tierra Amarilla is an intensely interesting place to visit, if one likes the out-of-the-ordinary.

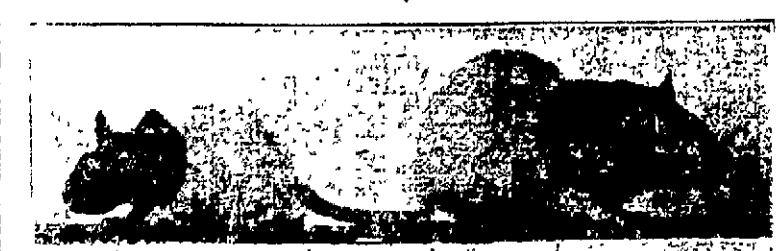

## Girls Fat Enough, Is Jury's Verdict

Cardiff—A situation worthy of Gilbert and Sullivan's "Trial by Jury" developed here when a girl's class from the Howells Girls' school, Cardiff, filed past the jury box in order that judge and jury might judge as to their physical condition. The case was one in which the father of a pupil sued the governors of the school for damages, alleging that his daughter was not properly fed. The inspection of a class satisfied the court that the majority of the girls seemed to be doing fairly well on the food supplied, and the jury decided against the indignant father.

Japan's Leading Industry.  
Extraordinarily favorable business conditions in Japan and the continued withdrawal of the products of Japan from nations from competition in the markets of Asia and Australia made the year 1917 an extremely profitable one for the spinning industry and Japan stood at the leading position.

## RAT EXPERIMENTS SHOW MILK VALUE

These rats are twins. The one on the right had milk in his diet, the one on the left did not have milk. Draw your own conclusions. Many have known for some time that milk was a valuable food but

few have realized its great importance. Today we have the proof of it. Dr. C. V. McCollum of Johns Hopkins University, an expert in nutrition has been carrying on experiments with foods especially with milk for the past five years, and has given some valuable results through the world. The above picture shows the result of one experiment which proves that no food has the growth promoting powers that milk has, and therefore, no food is so important for

children and adults as well. To deprive children of milk—and each child should have a pint and a half of milk in his or her diet each day—is to keep them from growing and developing into strong, healthy, normal citizens. This fact is very convincingly proved by the picture of the rats. These rats are twins. The one on the right was given milk and butter in the right amounts and has accordingly grown and developed to his proper size and weight. The rat on the left was fed other protein

foods suggested to promote growth, such as eggs, meat, nuts, beans, peas and lentils and the result is a puny, underweight, undersize, abnormal rat. This picture proves that without milk in the diet children cannot grow and develop as they should and further more that Milk Has No Substitute As A Food or Beverage. These experiments to prove the above statements were made on rats because their growth and development is nearer like human beings than any other animals.

## TAKING HIM DOWN A PEG

Visitor's Comment on the Intelligence of His Host Vexed on the Cautious.

Two old men, one a bachelor and the other a widower of many years' standing, have lived on small adjoining farms in the southern part of Washington county for many years. Not long ago one of them inherited a small amount of money and he immediately put it to use by building a new shack on his land.

When the house was completed he asked his old friend and neighbor to come over to spend the night. After supper they sat by the fire and smoked and talked, and finally, when conversation began to lag the visitor turned to his host and said:

"You say this home is all done and paid for?"

"Yes," was the short reply.

"And you planned it all yourself and hired the carpenters and everything?" the guest insisted.

"Why, yes of course, I did. What's the matter with you?"

"Oh, nothing much," retorted the visitor. "Only if I was smart enough to buy a house and build it and then'd ask folks to come to see it. I'll be darned if I wouldn't know when it was time to say something about going to bed."—Indianapolis News.

## What He Wanted.

Bobby had been given three cents to spend as he and his younger brother saw fit. Having heard much garden talk, and being attracted by a display of garden seeds, he came home with three packages of vegetable seeds, each to get them planted at once. Hearing something about the proposed planting of some flower seeds, he insisted on planting his, saying to his mother as a final argument: "Mother, we don't want flower seeds; we want eating seeds."

## Shark Salad Wins Favor.

Shark meat is delicate in flavor and texture, and sharks are plentiful in certain parts of Florida, but the fishermen do not catch them because they are not salable. The home demonstration agent of Monroe county, Florida, decided last winter on an effort to establish in favor this fish now under the ban. At her request a fisherman caught one, but warned her that no one would eat it. Undismayed, she invited a large company of women to a home economics luncheon at which was served a fish salad. When all had tasted the salad she asked for a vote as to how many liked it and wanted the recipe. Without exception the women voted their hearty approval, and thus proved to themselves that their prejudice was without foundation.

## Increasing Use of Castor Beans.

The use of castor beans for making oil increased very rapidly in 1918. Great Britain imported from India from 8,500 to 4,000 tons per month. They were used in making a motor lubricating oil. An effort was made last year to plant large areas of the beans in the southern part of the United States and in the West Indies and Brazil. So far most of the beans have been raised in India from which some 1,728,000 gallons of oil were exported in 1916-17. This bean is a form of our common garden castor bean used as an ornamental.

## Recent Spanish Inventions.

Recent inventions reported by Carl Baller Hurr, American consul general at Barcelona, include a straw compound as a substitute for coal for locomotives and agricultural tractors, as it develops sufficient heat in thirty minutes, and the ashes make an excellent fertilizer. This is invented by Joaquin Estevan, the engineer. Another patent is by Thomas Roen of Las Palmas, on a process for the use of banana fibre for textiles, yarns and cords as a substitute for hemp.

## DID SEEM LIKE PROFANITY

But Really, Prospective Bride Was Merely Trying to Tell Marriage License Clerk Her Name.

C. M. Kennedy, who issues marriage licenses in Seattle, Wash., is an exceedingly polite and withal a proper young man. When a prospective bride and groom approached his desk recently here's what happened that shocked Kennedy:

"Name, please?" said Kennedy to the sweet-faced young thing before him.

"Helmaheart Hurrts," came the unexpected reply.

"Er—I'm sorry," said Kennedy with a frown. Turning to the prospective groom Kennedy asked his name, thinking to give the coming bride an opportunity to recover from her evident attack of heart trouble.

"George T. Halliday," said the man.

"And now your name?" said Kennedy to the apparently recovered bride-to-be.

## "Helmaheart Hurrts," she repeated.

"Young lady," said Kennedy severely. "I am a married man and a father, and it grieves me to hear such language from a girl seeking a marriage license. If your heart hurts I'm sorry, but profanity is wholly unnecessary."

"What the future Mrs. Halliday is trying to tell you," said the young man, "is that her name is Helmaheart Hurrts." Kennedy apologized.—Cincinnati Inquirer.

## Relics of a Past Race.

The great ceremonial cave or Kiva, where the people's council evidently assembled, is located two-thirds of the way up the side of a cliff, in a cave inaccessible, save with ladders. The temple is carved out of the solid rock, partly by nature and partly by hand. Little is known about the forgotten people that once lived in this beautiful retreat in New Mexico, although many of the symbols of a race that was visible in the interiors of the recently discovered homes.

## Chinese Sweetmeats.

The Chinese are very skillful in making confectionery and possess the reputation of having some secrets the knowledge of which our own confectioners would find very desirable. They are able to empty an orange of its pulp entirely and then fill it up with fruit jelly without one being able to find the smallest cut in the rind or even a tiny hole. Indeed, they even empty an egg in this manner and fill it with a sort of almond nougat, without one being able to find the slightest break or incision in the shell.

## Italy's Votive Candles.

In Italy the distinctive votive candle is made by hand. The material is pure beeswax, which is kneaded and tempered and mixed with a secret ingredient to retard combustion. Special Egyptian cotton is used for the wicks. The cotton, too, is treated with chemicals to keep it from feeding too fast.

## The Seven Seas.

In ancient times the expression, Seven Seas, meant the waters known to the civilized nations, particularly those known to the Greeks and the Romans, for instance, the Mediterranean, the Adriatic, the Aegean, the Ionian (part of the Mediterranean), the Red, the Black, and the Caspian. In modern times it is a poetical and not untruthful expression denoting the world's great oceans and seas, seven being the mystical number signifying completion or perfection—the high seas generally.

## Cultivate Confidence.

The man or woman who ventures much, may fail often, but he will achieve in proportion to those very failures because he will use each one as a stepping stone to higher effort. But the man or woman who quibbles, reconsiders, hesitates and weighs every gain against a greater loss, is a predestined failure, because his very attitude of mind courts that condition which he should avoid.—Exchange.

### SOCIETY NOTES.

Mrs. Peter Rouns entertained a number of her friends at her home on Foxhall avenue, Sunday, in honor of her birthday. A very pleasant day was spent and a delicious supper served by the hostess. Her many friends wished for her many more years of life and health.

Among those present were: Mrs. J. H. DuBois of Yonkers, Mrs. Emily C. Rule of Highland and Mrs. Granville French, sisters of Mrs. Rouns; Mrs. J. H. Morgan of Malden-on-the-Hudson, Mr. and Mrs. C. Niles and son, Mr. and Mrs. S. Niles and son, Miss E. Hamilton and Miss Wynona Rouns, a daughter of the hostess, of Kingston.

Burger-Smith. Charles S. Burger, 18 Van Buren street, and Miss Gertrude Smith, Pearl street, were quietly married at the home of her brother in New York City, Saturday, June 7, 1919, by Dr. J. E. Price, of Washington Heights Church. Mr. and Mrs. Burger will be at home, 18 Van Buren street, after June 18.

Billion-Keenan. Miss Esther Keenan, daughter of Mr. and Mrs. Joseph Keenan, of Washington avenue, and John Dillion, of Cleveland, Ohio, were married in St. Mary's Church this morning at 9 o'clock. A nuptial Mass was solemnized by the Rev. Joseph G. Cushman. Mr. and Mrs. Dillion will make their future home in Cleveland, Ohio.

Cook-Rigney. Nathan J. Cook, proprietor of Hotel Uster, on Central Broadway, and Miss Jane Theresa Rigney, of No. 62 Foxhall avenue, were quietly united in marriage this morning in St. Stephen's Church by the Rev. Stephen Connelly. The best man was Louis Sann, while the bridesmaid was Miss Sarah Rigney, a sister of the bride. Following the ceremony the bride and groom accompanied by Miss Margaret Leahy, motored to Catskill, where a wedding dinner was served, and later left for a honeymoon trip to Saratoga, Niagara Falls, Chicago and the west. The groom is one of the best known hotel men in this section of the state. Both he and his bride are very popular and have a host of friends who wish them a long and prosperous married life.

Darrow-Rickerson. George P. Darrow, of Philadelphia, Pa., and Miss Edith Rickerson, daughter of Mr. and Mrs. Edwin A. Rickerson, Jr., of Livingston street, Saugerties, were quietly married at 1 o'clock Monday afternoon, the ceremony being performed at the home of the bride's parents. The nuptial knot was tied by the Rev. Thomas Sherwood, pastor of the Baptist church. The couple were unattended. The bride was handsomely dressed in dark blue Georgette crepe and carried a bouquet of white roses. After the ceremony a dinner was served. Mr. and Mrs. Darrow later departed by auto for Kingston, and from there they proceeded via West Shore Railroad to Portland, Maine, where they will spend some time. They will be at home in Philadelphia, where Mr. Darrow holds a responsible position, in September, and his bride, an estimable young woman, and their friends will wish for them much happiness and prosperity.

Queen Esther's Good Time. The first out door dinner social held by the girls of the Queen Esther Circle of the St. James M. P. Church at the home of Miss Bertha de Graff on Laramie avenue was a great success in spite of the weather. The hostesses were Miss Matilda Martin, Miss Anna Wynkoop and Miss de Graff. There was a large gathering of girls, and they certainly had a right good time, playing games, and during the evening high refreshments were served. The grounds had been laid for electric lighting and had the evening been pleasant there would have been a big crowd. The next out door dinner social of these Queen Esther girls will be held at the home of Mrs. Thornberry on Franklin street.

WEST ESOPUS. West Esopus, June 11.—John Morrison and son, Jack, have been spending a few days at their summer home here.

Hazel Freer, who is employed at Raymond Rindon School, is home for a few days.

Thomas Loughran and wife of Portsmouth, N. H., are visiting his parents, Mr. and Mrs. R. Loughran. Mr. Loughran has been honorably discharged from the U. S. Marines.

Lieut. Com. C. C. Wheeler spent a few days the past week with his family at Spring Glen Farm.

William Weidman is spending a few days with his parents.

OLIVE RIDING. Olive Riding, June 11.—The first quarterly meeting of the Western Methodist Church of Olive will be held June 22 at 2:30 in the afternoon. The service will be at 2:30, followed by communion of the Lord's Supper. Rev. Richard Palmer, pastor. We will hold a trustee meeting in Acorn Hall June 13 at 8 o'clock in the evening and other business. All the trustees and members are requested to be present. Rev. Richard Palmer, pastor.

Endurance. Endurance, not power, wins the prize. Never give up. Keep working every seven through everything looks hopeless. Many a man has failed in his life because he gave up just when he was within reach of his goal. When you are tired, when you are discouraged, when you are weary, when you are old, when you are weak, when you are poor, when you are alone, when you are in trouble, when you are in pain, when you are in sorrow, when you are in despair, when you are in death, when you are in life, when you are in love, when you are in hate, when you are in war, when you are in peace, when you are in joy, when you are in sorrow, when you are in hope, when you are in despair, when you are in faith, when you are in doubt, when you are in courage, when you are in fear, when you are in love, when you are in
